Owner **Janice Rollins**, a woman owned business opened on **2-17-23**. She was in search of purchasing a building that could accommodate her business and a business that her husband owned. They have remodeled the inside and outside, added new signage, and paved their parking lot. The building truly stand out as a new gateway to the downtown now farther-out in the 700 block of Main. Her business was quite successful as she is a consignment store of high-quality well-known designer clothing and accessories.
